Professional Profile

Web Developer with knowledge in Coding and Designing. Skills in HTML, CSS, JavaScript and other languages as well. Passionate about approaching programming challenges from different angles and collaborating with others to create meaningful web applications. Excited to develop responsive websites.

Fascinated by computer science fundamentals and breaking down a problem piece-by-piece to find a solution. My technical aptitude in cutting-edge web technologies, combined with adept problem-solving abilities and determination, make me a strong addition to any web developer team.

Skills and Abilities

Technical Skills

- Databases-
I have extensive knowledge of database management and processes. I have worked with databases procedures, triggers and functions during several university projects and assignments.
- Data Structures and Algorithms-
I have studied different algorithms and sorting techniques like quick sort, bubble sort etc.
- Software Requirements and Project Management-
I have knowledge of project models like Agile, Waterfall and Spiral and their respective different stages like requirements, planning, designing, development, testing and deployment.
- Graphics-
I have worked with Adobe Flash, Adobe Photoshop during university projects.
- Website Development-
I have experience with Adobe Dreamweaver, Bootstrap and Sublime. I developed an Electronic Book Shop website using HTML, CSS3 following Document Object Model (DOM) standards.
- Installing and Configuring Computer Systems
- Diagnosing and Solving Hardware/Software Faults

- Logging Customer/Employee Queries including procedural documentation and relevant reports
- Dealing directly with Employees or Customers who have Technical issues such as Forgotten Passwords, Viruses or E-mail issues.
- Maintaining Computer Systems as well as the Networks within an Organisation.
 - Languages
 - HTML, HTML5
 - CSS
 - JavaScript.
 - Bootstarp
 - Tools
 - Dreamweaver.
 - Sublime.
 - Adobe Photoshop.
 - VisualStudio
 - GitHub
 - Gitlab

Education

Certificate In Coding (FullStack Web Development)

Present

University Of Western Australia

Masters of Science – Information Technology

Graduated: 2015

Panjab University, India

(Equivalent to **Australian Masters Degree**- Assessment Advice available on request)

Bachelors of Computer Applications

Graduated: 2013

Panjab University, India

(Equivalent to **Australian Bachelor Degree**- Assessment Advice available on request)
